Website: www.dotsontots.com

Protect your toddler's ears, nose and throat when you're taking your little one out in the cold. The innovative hat design of Dots on Tots features flaps that serve to protect infants and toddlers from cold weather, wind, and ear, nose and throat infections. The brand also offers special ear protection hats that feature an added benefit of 50% noise-reduction ear inserts, shielding infants and toddlers' delicate ears from loud sounds. All hats are 100% organic, eco-friendly and made in the USA.
