## Dots On Tots Winter Hat for Girls Review

\*\*\*Product was received for free in exchange for an honest review.\*\*\*

Dots on Tots was created by a mother of two and is based on the idea that newborn skin is often very sensitive and needs to be protected. In addition, it focuses on the importance of choosing the right clothing to avoid allergic reactions. The innovative hat design features flaps that serve to protect infants and toddlers from cold weather, wind, and ear, nose and throat infections. The brand also offers special ear protection hats that feature an added benefit of **50% noise-reduction ear inserts, shielding infants and toddlers' delicate ears from loud sounds.** The collection boasts their hats with ear flaps in organic cotton, organic cotton fleece and merino wool, and also includes organic knotted hats, organic reversible sun hats and special ear protection hats in organic cotton.

The hats are available in a variety of sizes from infant to 4T. Prices range from \$17.99-\$36.99 and all styles are available for purchase on [www.dotsontots.com](http://www.dotsontots.com). Dots on Tots was created to serve the needs of **new moms everywhere.**

### Our Thoughts

How cute are these?! While these are for toddlers, my four year old is the size of a peanut and I knew she'd love this. She has about 4-5 winter hats that she changes out each winter, and she'll sometime wear them into the spring and summer as an added fashion statement. No one stands in the way of a girl and her clothing :)

One of the things I do not like about her current winter hats is that they're rough, not soft at all and they make her face itchy. Not only that, but they do not cover up her ears. This hat does!! I tried it on her as soon as we got it in (much to her disappointment I had to take it off since it's mid-July). It fit over her little head perfectly, covered her entire ears and the velcro fit perfectly under her chin. It was like this was handmade JUST for her. Very pleased. Also, it is extremely soft! No rough edges or itchy material. She will definitely be able to wear this all day long in the winter while sledding. Now I can't wait for the cold weather so she can utilize this fabulous hat! Not to mention it's Organic, you cannot beat that!
