dots on tots

This is the perfect cute product that also protects your little one in the cold, winter weather. **Dots on Tots**, was created to help protect your toddler's ears, nose and throat. When you're taking your little one out in the cold you can protect him/her from illness. The innovative hat design of Dots on Tots features flaps that serve to protect infants and toddlers from cold weather, wind, and ear, nose and throat infections. The brand also offers special ear protection hats that feature an added benefit of 50% noise-reduction ear inserts, shielding infants and toddlers' delicate ears from loud sounds. All hats are 100% organic, eco-friendly and made in the USA. You can see all the different Dots on Tots hats by clicking [here](#).
