Disclosure of Material Connection: I received one or more of the products or services mentioned above for free in the hope that I would mention it on my blog. Regardless, I only recommend products or services I use personally and believe will be good for my readers. I am disclosing this in accordance with the Federal [Trade Commission's 16 CFR, Part 255](#): "Guides Concerning the Use of Endorsements and Testimonials in [Advertising](#)."

The weather is certainly getting cold in Colorado. It is time to break out the coats and hats to stay warm and cozy. I recently discovered [Dots On Tots](#) a company that specializes in headwear [for babies](#) and toddlers. The hats are made of organic fabric, which is eco-friendly, breathable, irritant-free and non-allergic. The hats feature seamless double layers, soft adjustable Velcro closure, low impact dyes and are made in the USA. I received a pink hat from Dots On Tots for evaluation purposes for my granddaughter. The hat was packaged in a cute eco friendly pillow box. When I took the hat out of the packaging, I was extremely impressed, with the softness of the fabric. The hat itself is fairly lightweight but is remarkably soft and comfortable. I personally love the fact that the hat is not bulky, is seamless, eco-friendly, made of organic fabric, protects her ears and is non-allergic.

My little granddaughter loves the comfort of the hat and of [course](#) she loves the fact that it is pink. Dots On Tots has a small selection of products for babies and toddlers, including sun hats, headbands, Sherpa hats, knot hats and more. They even have hats that reduce noise up to 50%. What a terrific way to [protect](#) your babies hearing! This winter keep your baby or toddler warm while also [protecting](#) their ears with a hat from Dots On Tots. To learn more about the products, [please visit](#) the [website](#). The holidays are just around the corner, this year why not give a practical gift to the little one's in your life with a hat from Dots On Tots.

Haven't heard of the Dots on Tots before but your Granddaughter looks happy to have it. Her head should be nice and warm this winter.

Adorable photo- I love the style of these hats! My daughters are always outside- these would be much more secure and keep their ears warm

What a great hat, I love that it hooks under their chin so that it stays put. Of course I also love the eco-friendly part, I always try to go as green as possible!

I'm sure they're ecofriendly, but they're also cute 😊 On the eco-friendly part, I totally approve. I'm trying to live as healthy and as environmentally friendly as I can.

I used to have similar hats when I was little, I called them 'astronaut hats'. And yes, they're really secure, a good purchase 😊
